CANNON CARRIAGES. The House of Representatives on Thursday, as stated in the Gazette of that day, passed a bill donating, for ornamental purposes, sixty odd condemned brass cannon and carriages to various towns and cities throughout the United States. Alexandria leads the list with a rather complimentary donation of nine carriages. The request of Representative Carlin that the War Department be allowed to donate nine cannon carriages to Alexandria seemed to stagger Mr. Hull, chairman of the military affairs committee, for a moment. Mr. Carlin explained that the D. A. R. already possessed the cannon, and that he had been informed that the War Department could furnish the carriages without inconvenience.

"Does the gentleman know whether there will be any left when he gets what he wants," asked Mr. Tawney, half in earnest. Mr. Carlin said he understood there were enough to go around, and the amendment was then passed.

MONEY AND JEWELRY MISSING. Ninety-four dollars, which were in two pocketbooks, and jewelry valued at about \$600, belonging to Mrs. Lulu Zimmerman, wife of Mr. C. H. Zimmerman, were missing last night from a sideboard in the dining room of Mr. Zimmerman's restaurant in Market alley. Ninety dollars were in one pocketbook and four dollars in another. A third pocketbook was also taken. This contained a Columbia half dollar. The jewelry stolen consisted of a diamond ring, diamond brooch, diamond pin, gold locket set with diamonds and a chain and a gold watch and chain. The watch has the owner's name engraved on it. The police have been notified and they have been furnished with an inventory of the stolen articles. Later in the day the police were notified that the money and jewelry had been found on the floor of the dining room near the sideboard from which they had been taken.

NAMED ASSISTANT SURGEON. Dr. Sylvester D. Craig, a prominent young physician of Alexandria, has been appointed as assistant surgeon in the National Soldiers' Home Hospital at Hampton. Dr. Craig will succeed Dr. Fadely, who resigned to engage in private practice. Dr. Craig arrived at the home several days ago and on yesterday assumed his duties. (Newport News Press.)

DEATH OF A LITTLE BOY. Joseph M., the six-year-old son of Mr. and Mrs. Geo. H. Evans, died at his parents' residence on South St. Asaph street at an early hour this morning of pneumonia. He was a bright handsome and mischievous little fellow who was loved by all who knew him and his death is a crushing blow to his fond parents.

MRS. MILLIGAN TO SING. Mrs. H. L. Milligan, of Greenville, Tenn., will arrive here tonight to visit her nephew, Rev. J. R. Sevier, and will sing at both services tomorrow at the Second Presbyterian Church. Mrs. Milligan sang in Alexandria two years ago and delighted all who heard her with her sweet voice.

THE MARKET. The supply of country produce in market this morning showed but a slight increase over that of last Saturday. Prices in the main were unchanged. There was an abundant supply of eggs, which were being sold from 20 to 25 cents a dozen.

SPECIAL FERRY, MAROH

FOURTH.

In compliance with numerous requests from the people of Alexandria, to aid in taking them to and from Washington in comfort Thursday next, inauguration day, the managers of the steamer Queen Anne, have decided to place her on a ferry route between this city and Washington on that day. The Queen Anne, as is well known to the people of Alexandria, is a big, roomy excursion steamer, licensed to carry 1500 on each trip. This assures plenty of room and those who use her to visit the capital city Thursday to witness the inaugural ceremonies and to return home Thursday afternoon or night will be able to do so in comfort and without being crowded. The schedule of the steamer as arranged calls for trips from this city every hour on the hour from 8 a. m. until noon; then every two hours up to 5 p. m. and then hourly trips again until midnight. Returning from Washington the steamer leaves every hour on the half hour except at 1 and 3 p. m., when she leaves on the hour. The last trip from Washington will be made at 11:30 p. m. The steamer will leave this city from the Mutual Ice Company's pier, foot of Cameron street, and leave Washington from the Washington and Potomac Steamboat Company's pier, foot of 8th street southwest. The fare has been placed at 15 cents for the round trip. See schedule elsewhere in the Gazette.

LAST OPPORTUNITY.

Tonight will be the last opportunity for Alexandrian to witness the marvelous feat of the "Handcuffed King," who frees himself from handcuffs, shackles, straight-jacket and even when nailed or fastened in a basket or box he proves himself superior to such locks and fastenings and comes out victorious. It will also be the last chance to see the wonderful bicycle performance. When Lacey enters the stage he comes as a messenger boy riding a wheel and riding a dime novel. His performance opens with a decidedly good fall from which he recovers still reading the novel. His following feats upon the bicycle are equal to those executed by Lee Richardson, the premier, in the palmy days of cycling while the bicycle riding is such as to almost defy belief. Probably no one has ever before reduced a single wheel to such complete control as has Lacey this strange steed of his. Lacey's different acts are superior to anything in that line that ever seen here, his one act of walking on the bicycle is well worth the money that one pays to see the whole show.

A GOOD PLACE TO VISIT.

One of the most attractive spots in Washington is that of the A. L. Falk Co., located at 917 F street, near Ninth. There you will find the latest creations in American and foreign garments for women and at prices that are surprisingly reasonable. The spring stock of this season will contain a large number of new designs. The company has a large and courteous corps of lady clerks who will be only too pleased to show you any of the different styles, while models will be on hand to show their effect. The altering department, a necessary adjunct to such a store, is in charge of one of the leading modistes in the country. They also make a specialty of suits and coats made to special measure for extra stout women who have had difficulty in being fitted and also carry a line for little ladies and misses.

"IN THE SHENANDOAH VALLEY."

The old Shenandoah river occupies a prominent part in the history of this great land of ours. Many of the people—even of our old city—have pleasant and sad recollections of the river. It's bordering fields have been bathed with the blood of heroes and watered with the tears of the widow and orphan. Tonight the people of this city can see the old Shenandoah in all its former glory and witness one of the most thrilling war stories ever seen in this city, accompanying which will be a beautiful love scene. The management of the Alexandria Amusement Company have gone to great expense to reproduce this and the people are bound to appreciate this fact as well as that of seeing the finest picture of modern times.

ELITE PICTURE COMPANY.

The show at the Elite Picture Company last night surpassed anything ever seen in the city. The pictures were the finest made and the singing by Mr. Chas. Howard was great. Tonight there will be an entire change of pictures, presenting 3,000 feet of the best subjects, instructive as well as amusing. Mr. Howard will sing "The Lost Chord" with English illustrated pictures. This alone will be worth more than many times the admission—he will also sing two other popular songs. Remember this is your last chance to hear the great English singer.

CLAIM ADJUSTERS.

In an advertisement on this page a new firm, the Alexandria Claim Adjusters, make their first call on the public attention. The Alexandria Claim Adjusters who are three active and well-known young business men of the town, will carry on a general claim and account settlement and collection business; their aim being always to prevent any ill feeling between creditor and debtor. They promise to make prompt and complete reports on all claims placed with them.

MEMBER OF STOCK EXCHANGE.

Mr. Carroll Pierce, vice president of the Citizens' National Bank, of this city, was on Thursday elected a member of the Washington Stock Exchange. By his election government bonds and other securities required by the government can now be purchased in this city on the same basis as in other cities.

MEN'S MEETING.

DEATH OF MRS. BROWN.

Mrs. Ruth Bryant Brown, wife of Lieutenant Wilson Brown, Jr., U. S. N., who had recently been critically ill at the Alexandria Hospital, died this afternoon at that institution. The deceased became seriously ill about six weeks ago, but during the past week her condition seemingly improved, and there was reason to believe she was convalescing. A change, however, followed last night, when it was seen her death was inevitable. She lingered until about 3 o'clock this afternoon when her death followed.

Mrs. Brown was a daughter of Capt. Herbert Bryant, and was one of the most esteemed young women of this city. The many friends and acquaintances of the family sincerely sympathize with them in their bereavement.

There was but one case before the Police Court this morning, that of a young white man who had been arrested by Officer Beach charged with drunken and disorderly conduct. The accused was dismissed.

A burning chimney of a house on Lee street, between Wolfe and Wilkes, about noon today caused some anxiety in the neighborhood. An extinguisher was brought from the Relief Hook and Ladder house and the flames were soon extinguished.

"Skyrocket" the horse formerly used by Mr. Geo. W. Petty, chief engineer of the fire department of this city, died on the farm of Mr. George West, in lower Fairfax county, yesterday. The animal was purchased by Mr. West last spring, it having outlived its day of usefulness.

A delegation of members of the Orthodox Eodover Society of the Methodist Protestant Church, of this city, went to Washington last night to attend a denominational rally at the Rhode Island avenue M. P. Church. Rev. G. I. Humphreys, pastor of the M. P. Church, of this city, was one of the speakers.

A cold rain fell between 9 and 10 o'clock this morning, but later the skies cleared and the temperature became warmer.

An examination for the position of deputy collector and clerk will be held at the post-office in this city on March 20.

The beautiful barque of Cleopatra floated serenely down the silver Nile. Pharaoh's daughter was gracefully reclining on her divan and listening with rapt attention to the commands of her soul mate, Mark Antony. And in the low measured tones of one who is accustomed to be obeyed, he said: "Look here, Cleo, this affinity business is getting monotonous. A fellow can't live on love forever. I want you to stop at the next pyramid landing we come to and order some of those irresistible delicious Auth Sauces and Hams." Sylvan Blondheim, the Auth Stand, City Market.

Washington - - - D. C. Kolonial Low Shoes \$3 & 3.50

We have now a complete line of Kolonial Low Shoes, in all leathers, dull calf skin, shiny leather, tan leather, and as many women wear low shoes all winter and others don't them early, we are glad to be able to announce the arrival of a full assortment of KANN'S KOLONIALS in the very latest new styles. The new lines upon which these shoes are cut are unusually graceful, with a pretty arch to the instep.

We also include in this lot the new ankle pumps, as well as the regular pump without strap, and the one, two, three and four eyelet ties. Another of the very latest styles is a black patent oxford, with kid top or gray canvas top, fastened with smoked pearl buttons, and the effect is very smart and dressy.

Another style is the Black Suede Oox Low Shoe, which is also a new favorite. In fact, we think that never have we had prettier shoes than these in our \$3.00 and \$3.50 Kolonial line.

THE TWO CENT RATE. W. R. Sullivan, assistant to the president of the Atlantic Coast Line Rail, way, was a witness before the State Corporation Commission Thursday, when the petition of that road for a new maximum passenger rate was taken up. The case was completed this afternoon before adjournment, and the commission now has the entire matter in hand, having heard all the facts, and stated that it would consider the question and make known its decision on the petition at a time to be fixed.

There is difference of opinion as to whether the commission will grant the petition, the ground being taken by those who hold that the conditions are not nearly normal in the handling of freight or in the movement of passengers and that for that reason the commission will prefer to wait until such time as those conditions shall arrive and issue just what will be the result of the existing regulations when that state of affairs—normal business in all lines—shall have been reached.
